### People Before Profit!

We can only overcome the Corona-Crisis with solidarity, by taking care of and supporting each other. And by working to ensure that nobody loses their livelihood or their home, and that workers and parents get the support they need.

- 500 Euros in extra pay for nursing staff as well as sufficient protective gear
- Increase short-time compensation to 90 percent
- Interim financial assistance for the self-employed and freelancers, cultural venues, trade fair constructors, and artisans
- No termination of housing contracts during the crisis. No rent increases, evictions, or cutting of water, electricity and telephone.
